

Dragon Medical 10 and Dragon Medical Enterprise 10

Specialty and Subspecialty Vocabularies

VOCABULARIES

Dragon Medical 10 and Dragon Medical Enterprise 10 contain medical vocabularies covering nearly 80 medical specialties and subspecialties.

It is important that you select the correct vocabulary. Using a specialized medical vocabulary that covers the cases you see in your medical practice will offer you the highest recognition and productivity gains.

Selecting a non-medical vocabulary or the medical vocabulary of a different specialty can have a large impact on your recognition accuracy.

OVERVIEW OF THE COVERED SPECIALTIES AND SUBSPECIALTIES

General English: Non-medical vocabulary for dictating emails, letters, etc.

General Medical: A broad, non-specific medical vocabulary covering a wide range of medical specialties. Select this model if no other choice is applicable for you.
