**Box Dimensions:** 7 7/8" x 9 1/2" x 2 3/4"  
**UPC:** 780420115361

#### Positioning Statement

Turn your voice into text three times faster than most people type with up to 99% accuracy. Create email, documents and spreadsheets – simply by speaking.

#### Target Market

Designed for enterprise deployments with a focus on:

- Field reporting (insurance claims, field sales, field service, socialworkers, inspectors)
- Intelligence reporting and incident reporting (law enforcement)
- Repetitive strain injury (RSI prevention/accomodation)
- Accessibility (physical or language-based learning disabilities such as dyslexia)
- Call center agents
- General office productivity

#### 25-Word Description

Dragon NaturallySpeaking 10 Professional enables professional PC users to create documents and emails, fill out forms, and streamline workflow tasks – all by speaking. It's fast, easy and amazingly accurate, and offers complete enterprise network support.

#### 50-Word Description

Dragon NaturallySpeaking 10 Professional is the ideal solution for busy corporate professionals who want to work faster and smarter using virtually any Windows-based application. Turn your voice into text three times faster than most people type – with up to 99% accuracy. Create time-saving voice commands that let you fill out forms or applications and automate complex business processes.

#### 100-Word Description

Dragon NaturallySpeaking 10 Professional is the ideal solution for busy corporate professionals to create documents and emails, fill out forms, and streamline workflow tasks – all by speaking. Turn your voice into text three times faster than most people type – with up to 99% accuracy using virtually any Windows-based application. New Dragon Voice Shortcuts collapse common tasks into simple voice commands. Or create custom commands to automate repetitive tasks you perform that involve multiple keystrokes or mouse clicks. You can even dictate into a handheld device when you're away from your PC, or use a Bluetooth microphone. This edition offers complete enterprise network support, including new security features, a special management guide for IT professionals and support for Citrix deployments.

#### Key Benefits

##### UP TO 99% ACCURATE AND THREE TIMES FASTER THAN TYPING

Most people speak over 120 words per minute, but type less than 40 words a minute. That means you can create documents and emails about three times faster with Dragon NaturallySpeaking. Dragon never makes a spelling mistake, and it actually gets smarter the more you use it!

##### EASY TO USE

Dragon NaturallySpeaking installs quickly and requires no special script reading to train the system. New on-screen help and tutorials will make you an expert user in no time.

##### USE WITH ANY WINDOWS PROGRAMS

Use your voice to dictate, edit and control virtually any Windows application, including the full Microsoft® Office suite, Microsoft Internet Explorer®, and Corel® WordPerfect™.

##### INCREASE PRODUCTIVITY

Create custom voice commands to automate and streamline repetitive tasks that employees perform dozens of times a day.

##### SEARCH THE WEB AND YOUR COMPUTER WITH DRAGON VOICE SHORTCUTS FOR WEB AND DESKTOP SEARCH

Use Dragon Voice Shortcuts to quickly search for information on the Web or on your own computer. Need to find some information on the Web? Just say "Search the Web for global warming articles," "Search Wikipedia for George Washington Carver" or "Search eBay for Bluetooth headsets." You can even say "Find an email about the Robinson report" to quickly locate information on your computer. Searching the Web or your computer has never been faster – or easier.

## SEND EMAILS OR SCHEDULE MEETINGS ON THE FLY WITH DRAGON VOICE SHORTCUTS FOR EMAIL AND CALENDAR

You're reviewing a document and realize you need to send an important email to your colleagues. Just say "Send email to Steve Chambers and Raphael Sanchez," and Dragon will launch your email program, create a new email and put the names you said into the "To:" box. Need to schedule a meeting instead? Just say "Schedule meeting with Steve Chambers and Raphael Sanchez," and Dragon will do the rest.

## NETWORK READY

Dragon NaturallySpeaking Professional 10 includes user profile management and security features for enterprise deployments, as well as roaming user support, and support for Citrix environments.

## BLUETOOTH SUPPORT

Use Dragon NaturallySpeaking with Nuance-approved Bluetooth headsets. Convenient to use with a Tablet PC system!

## MOBILE

Dictate into any Nuance-certified handheld device for automatic transcription when you synch with your PC.

## WORK HANDS FREE

Dragon NaturallySpeaking is Section 508 certified to give people with disabilities complete hands-free use of the PC – it's the ideal tool to assist people with carpal tunnel syndrome or other repetitive stress injuries.

## System Requirements:

- CPU: Intel® Pentium® / 1 GHz processor or equivalent AMD processor. Faster processors will yield faster performance. Memory: 512 MB RAM (1 GB RAM for Windows Vista™)
- Free hard disk space: 1 GB (2 GB for localized non-English versions)
- L2 Cache: 512 KB
- Supported Operating Systems: Windows Server 2000, Windows Server 2003, Windows XP SP2 or higher - 32 bit, Windows 2000 SP4 or higher, Windows Vista™ or Windows Vista™ SP1, 32-bit
- DVD-ROM drive (required for installation)
- Microsoft® Internet Explorer 6 or higher (free download available at [www.microsoft.com](http://www.microsoft.com))
- Nuance-approved noise-canceling headset microphone (included), Creative® Labs Sound Blaster® 16 or equivalent sound card supporting 16-bit recording, speakers (required for playback of recorded speech and text to speech features)
- For Bluetooth wireless microphone support, please visit <http://support.nuance.com/compatibility/>
- A Web connection is required for activation

**During the install process the software checks to make sure your system meets these minimum requirements. If you do not meet the requirements, the software will not be installed.**

**\* This edition of Dragon does not support dictation directly into Electronic Medical Record (EMR Systems. For EMR support, please use Dragon Medical Edition.**

## Recommended Specifications

- CPU: Intel® Pentium® / 2.4 GHz processor (1.6 GHz dual core processor) or equivalent AMD processor
- Memory: 1 GB RAM
- L2 Cache: 1 MB
