Positioning Statement

Dragon NaturallySpeaking 10 Legal offers a faster, more efficient way for legal professionals to create contracts, dictate briefs, and draft court documents or email messages. Users can automate workflow tasks with voice commands to dramatically improve productivity.

Target Market

Legal professionals in law firms, corporations, and government agencies

25-Word Description

Dragon NaturallySpeaking 10 Legal enables legal professionals to create and edit documents, forms and emails – all by speaking! It's fast, easy and amazingly accurate. Dramatically decrease turnaround time and reduce dependencies on support staff.

50-Word Description

Dragon NaturallySpeaking 10 Legal offers a faster, more efficient way for legal professionals to create contracts, briefs, court documents or email. Turn your voice into text three times faster than most people type – with up to 99% accuracy using virtually any Windows-based application. Create custom voice commands to instantly build and format templates for contracts or other legal documents. Dramatically decrease turnaround time and reduce dependencies on support staff.

100-Word Description

Dragon NaturallySpeaking 10 Legal offers a faster, more efficient way for legal professionals to create contracts, dictate briefs, and draft court documents or email messages. You can turn your voice into text three times faster than most people type -- with up to 99% accuracy using virtually any Windows-based application. Dragon NaturallySpeaking 10 Legal offers a

preconfigured legal vocabulary that includes over 30,000 legal-specific terms and phrases, and it even formats legal citations. Create custom voice commands to instantly build and format templates for contracts or other legal documents or automate complex tasks on your computer with a spoken word or phrase. Improved third-party correction features streamline the editing and correction process to dramatically decrease turnaround time and reduce dependencies on support staff.

Key Benefits

UP TO 99% ACCURATE AND THREE TIMES FASTER THAN TYPING

Most people speak over 120 words per minute, but type less than 40 words a minute. That means you can create documents and emails about three times faster with Dragon NaturallySpeaking. Dragon never makes a spelling mistake, and it actually gets smarter the more you use it!

EASY TO USE

Dragon NaturallySpeaking installs quickly and requires no special script reading to train the system. New on-screen help and tutorials will make you an expert user in no time.

USE WITH ANY WINDOWS PROGRAM

Use your voice to dictate, edit and control virtually any Windows application, including the full Microsoft® Office suite, Microsoft Internet Explorer®, and Corel® WordPerfect®.

DESIGNED SPECIFICALLY FOR THE LEGAL USER

Dragon NaturallySpeaking Legal offers a preconfigured legal vocabulary that includes over 30,000 legal-specific terms, and it automatically formats legal citations. Reduce dependencies on support staff or improve transcription turnaround time with enhanced third-party correction features.

INCREASE PRODUCTIVITY

Create custom voice commands to automate and streamline repetitive tasks that employees perform dozens of times a day.

SEARCH THE WEB AND YOUR COMPUTER WITH DRAGON VOICE SHORTCUTS FOR WEB AND DESKTOP SEARCH

Use Dragon Voice Shortcuts to quickly search for information on the Web or on your own computer. Need to find some information on the Web? Just say "Search the Web for global warming articles," "Search Amazon for the Harvard Blue Book," or "Search maps for office supply stores near Chicago, Illinois." You can even say "Find an email about the Robinson appeal" to quickly locate information on your computer. Searching the Web or your computer has never been faster – or easier.

SEND EMAILS OR SCHEDULE MEETINGS ON THE FLY WITH DRAGON VOICE SHORTCUTS FOR EMAIL AND CALENDAR

You're reviewing a document and realize you need to send an important email to your colleagues. Just say "Send an email to Steve Chambers and Raphael Sanchez," and Dragon will launch your email program, create a new email and put the names you said into the "To:" box. Need to schedule a meeting instead? Just say "Schedule a meeting with Steve Chambers and Raphael Sanchez," and Dragon will do the rest.

NETWORK READY

Includes user profile management and security features for enterprise deployments, as well as roaming user support, and support for Citrix environments.

BLUETOOTH SUPPORT

Use Dragon NaturallySpeaking with Nuance-approved Bluetooth headsets.

MOBILE

Dictate into any Nuance-certified handheld device for automatic transcription when you synch with your PC.

HANDS FREE

Dragon NaturallySpeaking is Section 508 compliant to give people with disabilities complete hands-free use of the PC – it's the ideal tool to assist people with carpal tunnel syndrome or other repetitive stress injuries.

System Requirements:

- CPU: Intel® Pentium® / 1 GHz processor or equivalent AMD processor. Faster processors will yield faster performance. Memory: 512 MB RAM (1 GB RAM for Windows Vista™)
- Free hard disk space: 1 GB (2 GB for localized non-English versions)
- L2 Cache: 512 KB
- Supported Operating Systems: Windows Server 2000, Windows Server 2003, Windows XP SP2 or higher - 32 bit, Windows 2000 SP4 or higher, Windows Vista™ or Windows Vista™ SP1, 32-bit
- DVD-ROM drive (required for installation)
- Microsoft® Internet Explorer 6 or higher (free download available at www.microsoft.com)
- Nuance-approved noise-canceling headset microphone (included), Creative® Labs Sound Blaster® 16 or equivalent sound card supporting 16-bit recording, speakers (required for playback of recorded speech and text to speech features)
- For Bluetooth wireless microphone support, please visit <http://support.nuance.com/compatibility/>
- A Web connection is required for activation

During the install process the software checks to make sure your system meets these minimum requirements. If you do not meet the requirements, the software will not be installed.

*** This edition of Dragon does not support dictation directly into Electronic Medical Record (EMR Systems). For EMR support, please use Dragon Medical Edition.**

Recommended Specifications
